Hot Water Urns

INSTANTANEOUS ELECTRIC WATER HEATER

Manufactured from high quality stainless steel, thermostatically controlled, with built in, boil dry protection.

The hot water urns are suitable for many applications where a quick cuppa is required e.g. functions, catering, footy and sporting clubs, factories, shops and other small businesses.

- 5 Year limited warranty on main tank.
- Easy action tap.
- Two position tap handle to make it easier to fill large kettles and tea pots.
- Water level sight tube.
- Lid knob with safety skirt.
- High temp safety handles.
- Dual safety thermostat control
- Boil dry thermostat on element.
